Why should I use the service?

We don't need to tell you that being an adviser can be tough. The pressures of complex, changing legislation and increasingly tight deadlines can be challenging.

That's why having an expert to rely on whenever you have doubts or need to accelerate the progress of a complex case is vital.

Our team of specialist advisers are here to offer you comprehensive, accurate and relevant advice.

Who can use the service?

The service is open to agencies in England and Wales offering free advice, including all Local Citizens Advice, local authorities, housing associations, IMA members, Advice UK members, and other voluntary sector agencies. And you don't need to be a member of any official body to access our expert guidance.

This service succeeds the previous service run by Citizens Advice, and is funded by the Money Advice Service.

Shelter helps millions of people every year struggling with bad housing or homelessness through our advice, support and legal services. And we campaign to make sure that, one day, no one will have to turn to us for help.

We're here so no one has to fight bad housing or homelessness on their own.
